00:22:25.770 --> 00:22:28.050

00:22:29.100 --> 00:22:33.690

Cory Allen: Our wonderful things about Ali shortened can a bird here, yes.

147

00:22:51.990 --> 00:22:59.760

Cory Allen: Like tire hits at two weeks ago, you came in as a saint you're leaving us as a ranger and I think you and I can share that same that same feeling.

148

00:23:01.020 --> 00:23:12.510

Cory Allen: When it was brought to our attention that you were available for this position, I knew boli that you were going to be the best person park district within a short period of time, you came in at a very challenging time.

149

00:23:13.050 --> 00:23:17.700

Cory Allen: And with your voice and your demeanor your positive thinking your strategic thinking.

150

00:23:18.450 --> 00:23:27.390

Cory Allen: In your listening skills have that ability to listen to all groups and take the information process that you put together a polished product is second to none.

151

00:23:27.870 --> 00:23:42.750

Cory Allen: shared with you Tony ago when you receive that phone call from Joanne and asking you, if you'd be willing to accept this position filling in as an interim superintendent during what is.

153

00:24:00.090 --> 00:24:07.770

Cory Allen: Clearly, the most difficult time period that public schools have ever seen I don't know why you didn't say wrong number.

154

00:24:11.520 --> 00:24:25.230

Cory Allen: Thankfully, for us, you did not say rock down for you graciously accepted and from the moment that I met you i've just been overwhelmingly impressed by the leadership that you brought to this district or musical times.

155

00:24:25.590 --> 00:24:35.550

Cory Allen: You stepped in as somebody who maybe had some familiarity with some of the basics here, but you really just jumped in and started functioning as a girl.

156

00:24:36.630 --> 00:24:44.730

Cory Allen: I can't say enough about power and our district three times, and thank you very much, and we wish you all.

157

00:24:48.240 --> 00:24:52.770

Cory Allen: So just listen to great lori three words come to mind.

158

00:24:54.090 --> 00:25:13.980

Cory Allen: grace and dignity, but equally important this calm and you know you haven't set to come on and it's a short, I truly am amazed it's your ability to navigate such treacherous waters, you get two or three treacherous waters, since you've been at work and you've been seven.

159

00:25:17.700 --> 00:25:22.350

Cory Allen: Why wouldn't take Greg said he came in, as the same you're still leaving it.

160

00:25:25.290 --> 00:25:27.720

Cory Allen: In my eyes, you still are saying i'm.

161

00:25:28.740 --> 00:25:33.450

Cory Allen: Your when you take some measured and thoughtful understood everything it's been just.

162

00:25:34.770 --> 00:25:46.230

Cory Allen: Not only enjoyable to watch but raising for what you've been able to do our district point you can easily come in until the cheer and certainly did not do that in any way.

163

00:25:47.070 --> 00:25:57.000

Cory Allen: You took if you took it on to get his leadership opportunity in and did everything you could possibly do with the six months you've been here, thank you, thank you.

164

00:25:58.200 --> 00:25:58.350

i'm.

165

00:26:00.210 --> 00:26:01.230

Cory Allen: excited to be redundant.

166

00:26:17.100 --> 00:26:20.130

Cory Allen: Multiple times, all the stuff going on.

167

00:26:21.240 --> 00:26:22.290

Cory Allen: So many better things.

168

00:26:26.010 --> 00:26:27.780

Cory Allen: So, quite honestly.

169

00:26:29.250 --> 00:26:29.730

Cory Allen: drop.

170

00:26:32.370 --> 00:26:33.120

Cory Allen: spirits.

171

00:26:34.140 --> 00:26:36.270

Cory Allen: not seen anything, I feel that.

172

00:26:37.350 --> 00:26:38.040

Cory Allen: you're not sure.

173

00:26:42.900 --> 00:26:43.470

What no.

174

00:26:46.830 --> 00:26:49.290

Cory Allen: I can only pay you the best compliment.

175

00:26:50.430 --> 00:26:57.780

Cory Allen: And that is I don't throw scroll up to an hour of your grace and poise entitlements.

176

00:26:59.790 --> 00:27:08.250

Cory Allen: So at your school district fixture of this time and just show the kids and I guess the generosity of spirit.

177

00:27:13.230 --> 00:27:14.790

Cory Allen: A little nautical theme here.

178

00:27:20.370 --> 00:27:25.500

Cory Allen: What I shared with the first time we met I asked sure.

179

00:27:27.480 --> 00:27:29.370

Cory Allen: And i'm so glad that you did.

180

00:27:31.350 --> 00:27:40.680

Cory Allen: Like others are said I kind of expected it to be just keep the ship afloat and treacherous waters oh yeah.

181

00:27:41.610 --> 00:27:57.450

Cory Allen: And not only that you keep it afloat, but I think you scared of snapping at this through a lot of really difficult situations and I couldn't think of anyone that wanted in that seat for the time frame than you so real simple, thank you for showing up.

182

00:27:58.470 --> 00:27:59.040

Cory Allen: Thank you.

183

00:28:01.890 --> 00:28:04.920

Cory Allen: So it's been know people breaking in.

184

00:28:06.000 --> 00:28:09.690

Cory Allen: Like six months of slow by what you're really alive it's the FM.

185

00:28:11.520 --> 00:28:26.100

Cory Allen: I am excited that I cali all kids got a school for case only one score only a couple weeks only sport what you know, to think about kids back in school, every day, just seemed talk about unprecedented times.

186

00:28:27.690 --> 00:28:28.140

Cory Allen: and

187

00:28:29.310 --> 00:28:32.340

Cory Allen: You gave me the opportunity to me my.

188

00:28:33.780 --> 00:28:36.570

Cory Allen: Professor you are teaching leadership and.

189

00:28:38.010 --> 00:28:40.890

Cory Allen: You know this gave me the opportunity to practice what I preach.

190

00:28:42.150 --> 00:28:43.080

Cory Allen: Again in my life.

191

00:28:44.700 --> 00:28:46.380

Cory Allen: Now is still wide.

192

00:28:47.880 --> 00:28:51.570

Cory Allen: wider within the Masters or a late in life so.

193

00:28:53.310 --> 00:28:56.130

Cory Allen: What I really think spends a very special place.

194

00:28:57.690 --> 00:28:59.910

Cory Allen: to display all turbulence.

195

00:29:01.680 --> 00:29:02.760

Cory Allen: You work with me.

196

00:29:04.560 --> 00:29:18.810

Cory Allen: But there were a few times I thought to myself just and and probably would say model and i'll you keep going keep going and that's all I needed really to keep looking at systems.

197

00:29:20.430 --> 00:29:24.270

Cory Allen: way to encourage people and to build on people's strengths.

198

00:29:25.470 --> 00:29:39.870

Cory Allen: And that, so I think we made it through and we've got a great start coming up Thursday with Kristen and I believe that will be back in school, five days a week.

199

00:29:40.530 --> 00:29:53.040

Cory Allen: And was hope that things are more mobile and students will be a little more regularly and your belief systems supports the kids are going to be.

200

00:29:54.060 --> 00:30:02.340

Cory Allen: Great for the future, so thank you so much, and i'll keep my eye and we're on what you're doing and.

201

00:30:03.780 --> 00:30:08.670

Cory Allen: Open everything goes well and keep it let's capitalize that we ever be.

202

00:30:10.590 --> 00:30:14.700

Cory Allen: happy to give you wouldn't say about your children what's more important than your children.

203

00:30:28.080 --> 00:30:29.670

Cory Allen: Two things one is.

204

00:30:31.380 --> 00:30:32.100

Cory Allen: Six months.

205

00:30:37.980 --> 00:30:47.940

Cory Allen: Also, make it as this, but so then he sat back three perspectives to be to shake your head saying Oh, my goodness gracious you've been through a lot already said that the opposite.

206

00:30:49.710 --> 00:30:57.570

Cory Allen: I did you know, did you well, I think the hardest part was the uncertainly all the time, are the guidelines.

207

00:30:58.620 --> 00:31:07.680

Cory Allen: And you know, I was so determined to try to find a way to get the kids via that would be safe and would be under the guidelines, and so we.

208

00:31:09.000 --> 00:31:17.940

Cory Allen: Try to give conversations with doctrine and those are looked at the rights and before you know it something else to change and.

209

00:31:19.500 --> 00:31:21.240

Cory Allen: So, in terms of trying to relate.

210

00:31:22.830 --> 00:31:43.050

Cory Allen: and keep people informed without because you know, being a parent, as many of you are with kids in school, the frustration for years and the whole thing was just so enormous that the uncertainty all the time range little sideline shifting or not getting any communication.

211

00:31:44.220 --> 00:31:57.990

Cory Allen: and high thought when I got that you're okay we're interviewing what else can be activated and then the soccer letter comes out and all the confusion around it was like.

212

00:31:59.220 --> 00:32:06.960

Cory Allen: To a lot of people that may be nowhere near as recorder and schools, and yet it isn't what was.

213

00:32:08.280 --> 00:32:08.730

Cory Allen: In that.

214

00:32:10.440 --> 00:32:15.690

Cory Allen: comes out on a Friday three o'clock Kevin and I said I need to know where the Board is.

215

00:32:16.770 --> 00:32:17.850

Cory Allen: We took our time.

216

00:32:19.560 --> 00:32:26.160

Cory Allen: End bit too far out ahead of ourselves we're trying to strategize and then fortunately the punisher.

217

00:32:28.020 --> 00:32:33.750

Cory Allen: Waiting and being information around to stay the course with masks and.

218

00:32:35.820 --> 00:32:42.330

Cory Allen: Yet, and often one but yeah those were the those are the trying times.

219

00:32:44.190 --> 00:32:45.090

Cory Allen: But you know we are.

220

00:32:50.460 --> 00:32:52.110

Cory Allen: Five days in September and.

221

00:33:01.980 --> 00:33:04.590

Cory Allen: Any board all over the board.

222

00:33:07.740 --> 00:33:09.630

Cory Allen: will get on a committee stuff.

223

00:33:12.930 --> 00:33:13.260

For.

224

00:33:17.910 --> 00:33:18.720

Cory Allen: Setting dying.

225

00:33:23.550 --> 00:33:24.930

Cory Allen: So we're going to turn it over to.

226

00:33:26.340 --> 00:33:27.660

Cory Allen: Well, this is actually one.

227

00:33:31.890 --> 00:33:35.580

Cory Allen: way, and this is wonderful, with the Federal gentleness money.

228

00:33:36.930 --> 00:33:45.450

Cory Allen: we're looking at increasing pre K it's really terrific and we might have to give you an update there's been a lot of work done in a hurry.

229

00:33:46.650 --> 00:33:57.120

Cory Allen: Because we didn't find out when he has its funding, but type and Alice what's going on okay sorry so to give you a real quick skaters who are where we are right now.

230

00:33:57.720 --> 00:34:06.840

Cory Allen: So, as you know, Kristen i'm explaining myself I present the board of education about two months ago, provided you not dangerous question I think those are really reasonable questions I hope to address today.

231

00:34:07.320 --> 00:34:19.590

Cory Allen: But as you know, almost two years ago, the board provided permission for us to explore our program for pre K were able to serve 35 students this past year we essentially had two different sections, we had a.

232

00:34:20.490 --> 00:34:28.590

Cory Allen: shareable by the teacher and the teacher assistant, but just because of class sizes, we we split into two just so we could run it five days a week, and it was really successful.

233

00:34:29.220 --> 00:34:35.280

Cory Allen: Students progress throughout the school year i'm just going to provide you some really quick or beauty, to see the visual in terms of counting cardinality.

234

00:34:35.670 --> 00:34:52.020

Cory Allen: From the fall, all the way up to the Spring terms of number recognition geometry as well, you just see the theme here of that blue area as soon start to meet the necessary standards obviously counting objects continues it as we transition to.

235

00:34:53.130 --> 00:34:56.730

Cory Allen: letter recognition I think what's important to note here is that.

236

00:34:57.150 --> 00:35:04.440

Cory Allen: It recognizes in names some so it doesn't mean that you have to recognize all 26 letters, whether it's uppercase or lowercase.

237

00:35:04.710 --> 00:35:11.730

Cory Allen: So really impressed them truth of oneness Campbell is able to accomplish this shirt with a 35 students and we're really pleased that she's.

238

00:35:12.060 --> 00:35:20.430

Cory Allen: Continuous you can serve as a mentor for the other three teachers, we can see here like now going to be Kelly Friday Vernon BC right angle and then I tell us are.

239

00:35:21.030 --> 00:35:29.940

Cory Allen: Well, so we're really excited about this team, I think it was phenomenal job and they're gonna be working throughout the summer on this expansion as an adult full day three day Program.

240

00:35:30.420 --> 00:35:41.130

Cory Allen: So, as you know what the federal stimulus funds its designated for four year olds and so really it can based on our work witness claims for what up to 72 students.

241

00:35:41.640 --> 00:35:55.170

Cory Allen: We heard the board loud and clear on when we present it two months ago in terms of where we stand with those individuals that are made a commitment to the half day program so when that occurred, we have 51,000 data credits.

242

00:35:56.220 --> 00:35:58.050

Cory Allen: And we had a few individuals, though.

243

00:35:59.190 --> 00:36:03.870

Cory Allen: That weren't of age, in terms of eligibility, and so we reached out to them.

244

00:36:04.470 --> 00:36:13.920

Cory Allen: And so, then we'll have funding for six days students because there's four students that applies to me, and they don't meet that criteria, so we will receive a little bit less funding but it's obviously been a.

245

00:36:14.850 --> 00:36:22.230

Cory Allen: Commitment to awesome it's only fair that we make a commitment to return it up and so with that we had some meetings pottsville.

246

00:36:23.250 --> 00:36:31.740

Cory Allen: We have an alarm system of the 20 individuals that applied 21 students were selected, that means other seven individuals on the wave is.

247

00:36:32.130 --> 00:36:41.370

Cory Allen: When we received the parents, they provided so rank preference in terms of which building they want their child to go to New endeavor canvassing the entire school district.

248

00:36:41.970 --> 00:36:53.430

Cory Allen: families were notified then started yesterday in terms of where they fell through the water system and all all of individuals over slack to somebody who will start registration next.

249

00:36:54.090 --> 00:37:05.970

Cory Allen: So what does that mean it means that families will come in all the work with myself explaining the pregame teachers as well, I get settled get registered and we'll do a little bit of screening as well just similar to what we do.

250

00:37:07.170 --> 00:37:07.650

Cory Allen: as well.

251

00:37:09.120 --> 00:37:18.690

Cory Allen: So where it stands right now all four sections, as you can see one of each building the hours of operation, so in terms of instructional curve from 92 to 2:30pm.

252

00:37:19.320 --> 00:37:30.000

Cory Allen: There will not be any transportation will begin at a later so which is normal terms of what we usually do with can be around as well, so we're going to start our students on Thursday September night.

253

00:37:31.230 --> 00:37:40.200

Cory Allen: There won't be any special that's why you see that additional that early dismissal, we have to meet that requirement of X number of hours to fulfill.

254

00:37:40.620 --> 00:37:48.690

Cory Allen: To satisfy the requirements that pre K program as soon as will be provided lunch, which will pick up jurors were working just a minor so much a six month comes to that.

255

00:37:49.140 --> 00:37:55.800

Cory Allen: So i'll reach us will be taking a class in summer what we share with you when you have 18 students, you have to put.

256

00:37:56.070 --> 00:38:06.930

Cory Allen: With an additional adult you move up to 19 or 20 students, you have to have two additional goals, so we will have family a teacher, but also a teaching assistant, each one of the for pre K schools.

257

00:38:07.620 --> 00:38:15.960

Cory Allen: will be followed up with based approach the road we do with kindergarten and then next year first graders thought and then we're just working some logistics, because to.

258

00:38:17.100 --> 00:38:25.500

Cory Allen: me when we reached out to families and made that original commitment of a happy program a lot of concerns was is my child ready for a full day.

259

00:38:25.920 --> 00:38:31.050

Cory Allen: So we should describe some of the with a forum will look like we had conversations with each one.

260

00:38:31.830 --> 00:38:42.180

Cory Allen: Military concerns, I think there were more comfortable with this plan for it so then we'll just work on our teacher conference as well, but you make the data slightly from these for building record your conferences.

261

00:38:44.040 --> 00:38:50.820

Cory Allen: That was a real quick overview not sure any questions that you have just type in a question about the hours that the united.

262

00:38:52.650 --> 00:38:59.130

Cory Allen: right before nine o'clock arrive at or did they start construction for their day at nine out of SAS summer with.

263

00:39:00.030 --> 00:39:07.380

Cory Allen: My students will start right around the 45 searchable certified corporate Thank you so I have a related question that.

264

00:39:07.710 --> 00:39:18.570

Cory Allen: Have we thought about how that will impact the drop off process at each i'm thinking, especially a personal view in therapy, where they have this shared drop off circle most years.

265

00:39:19.860 --> 00:39:25.890

Cory Allen: we're waiting to see what it will look like them on the seat to see how many families, when we met with transportation, as you know, the spring.

266

00:39:26.640 --> 00:39:32.790

Cory Allen: Each one of our six buildings was a little bit busier than normal more families are dropping off their children so.

267

00:39:33.660 --> 00:39:43.920

Cory Allen: Once we work with her on that principle of justice, we know that scenario so because 30 3036 families that are dropping off just for content in those schools will.

268

00:39:44.580 --> 00:39:49.230

Cory Allen: Definitely keep an eye on, and then I was also just curious now that we're having.

269

00:39:49.740 --> 00:40:04.950

Cory Allen: And classroom and each of the four school buildings, how are we doing out space at to the elementary schools, because I know that that is something that's been a little tight and getting tighter over the years and I just want to make sure that we're still having a physical space correctly.

270

00:40:06.270 --> 00:40:12.540

Cory Allen: I think physical space for next year we're fine with one of each for coming, we could have an influx of students were might be title one school but.

271

00:40:13.380 --> 00:40:21.960

Cory Allen: You know this was something that I think all the principles were eager to have a pre K program by the respective schools pick one of the challenges that we face, specifically at Taylor.

272

00:40:22.980 --> 00:40:34.260

Cory Allen: And that might be a future capital project that we may want to consider knowing wash our bathrooms and each month classrooms we have kindergarten classes, but do not have a laboratory and I think that's problematic.

273

00:40:35.370 --> 00:40:41.490

Cory Allen: So that kind of influence the decision, a little bit of wear that costume with the displacement of the domino effect but.

274

00:40:42.810 --> 00:40:56.880

Cory Allen: I think for triple room utilization of CEOs and most space, but we also generate some revenue from having a programmer but it's not an issue in terms of where we stand, right now, each building related to predict Boston something.

275

00:40:59.670 --> 00:41:00.720

Just to the question.

276

00:41:01.980 --> 00:41:03.300

Cory Allen: Five of us.

277

00:41:04.320 --> 00:41:04.740

Cory Allen: We that.

278

00:41:05.850 --> 00:41:13.980

Cory Allen: And why is being used, I think we made a decision not to offer transportation just logistics because of there's a lot of different factors and.

279

00:41:14.700 --> 00:41:23.430

Cory Allen: A lot of different regulations, but I think it's boring, that we do have the free to us because it may end up having a wraparound program, which is our eventual goal, what does that look like.

280

00:41:24.180 --> 00:41:34.680

Cory Allen: You may recall that we put in an rfp to partner with this organization, we did not have anyone that apply to that our people are still.

281

00:41:35.520 --> 00:41:45.900

Cory Allen: thinking that our program so that kind of exploratory phase, but we're confident that going moving forward, like in subsequent years that will have a partner with a referral Program.

282

00:41:46.230 --> 00:41:55.410

Cory Allen: So that I think that pre K puzzle people also there's no urgency to go meet transport those students and phoebe that doesn't cost the buses here on site with us.

283

00:41:56.580 --> 00:42:04.470

Cory Allen: I sent her over the high school bag kind of passports it's kind of amazing object through the APP it's just a city elders clicks.

284

00:42:05.850 --> 00:42:06.480

Cory Allen: On a bus and the.

285

00:42:13.650 --> 00:42:18.450

Cory Allen: Bus being utilized but it's not just pre K.

286

00:42:19.680 --> 00:42:23.460

Cory Allen: My politics or something that surely you can transport for.

287

00:42:24.600 --> 00:42:28.350

Cory Allen: Age students and then it will be converted.

288

00:42:32.460 --> 00:42:47.160

Cory Allen: I just want to say thank you again, this is one of the more exciting initiatives, you know as i've been on the board and, as usual, time made it look easy, but I know it's a ton of work so extend my thanks to Kristen as well.

289

00:42:48.210 --> 00:42:55.440

Cory Allen: When we talked about what's good for kids in our district is clearly is so impactful on their learning coming into school and making them.

290

00:42:55.950 --> 00:43:03.030

Cory Allen: down the road, so I really do appreciate it, thank you very thankful yeah I think this is really exciting, I know that helps that are for.

291

00:43:03.390 --> 00:43:11.100

Cory Allen: Future car, which is a great opportunity for filmmaking I know that those applications will grow the subsequent time looking at that data.

292

00:43:11.760 --> 00:43:19.800

Cory Allen: Center it's a narrative event because that's something that's very interesting to me that I know I asked earlier in the process, but when we see some of that.

293

00:43:20.220 --> 00:43:30.510

Cory Allen: To see the improvement for the half thing it's incredible to see what is the improvement great one to be when we put in a full full day for these kids.

294

00:43:31.770 --> 00:43:42.300

Cory Allen: So again, thank you for all the work that you and your team have done our best and that that team of pre K teachers amazing they're going to be these words.

295

00:43:45.180 --> 00:43:45.570

Cory Allen: Thank you.

296

00:43:48.750 --> 00:43:49.080

Cory Allen: For your.

297

00:43:50.310 --> 00:43:51.930

Cory Allen: share a little bit more about.

298

00:43:52.950 --> 00:44:04.200

Cory Allen: Some discussion and the search and seizure policy 7338.

299

00:44:06.000 --> 00:44:15.000

Cory Allen: As we discussed at the last board meeting on 15 we talked about some of the equity related policy changes, we had a strong discussion about prohibiting strip searches.

300

00:44:15.510 --> 00:44:21.990

Cory Allen: Moving forward in the district you've already approved the in the consent agenda, the changes to the amendment to the code of conduct.

301

00:44:22.290 --> 00:44:35.460

Cory Allen: which makes that clear and adds a little language about some procedures that go along with it, the change that i've made the policy really just formalizes the fact that strip searches are prohibited from here on out in the school district.

302

00:44:36.750 --> 00:44:44.310

Cory Allen: that's really all I had prepared for today, but if you have any questions you think there should be a change or anything like that, please.

303

00:44:46.200 --> 00:44:48.870

Cory Allen: I thought Okay, are we ready for the bus yes.

304

00:44:49.950 --> 00:44:50.490

Cory Allen: I think that.

305

00:44:51.660 --> 00:44:52.530

Cory Allen: Jonathan thanks for.

306

00:44:53.700 --> 00:44:57.090

Cory Allen: working for working, it is spot on Thank you.

307

00:44:58.260 --> 00:45:00.150

Cory Allen: So you will have.

308

00:45:01.380 --> 00:45:09.360

Cory Allen: motion to awesome 7331.

309

00:45:11.250 --> 00:45:13.110

Cory Allen: Thank you, sorry i'm late for that.

310

00:45:17.670 --> 00:45:18.300

Cory Allen: that's me and.

311

00:45:19.410 --> 00:45:21.720

Cory Allen: Occasionally, or the successor agreement which.

312

00:45:29.550 --> 00:45:33.510

Cory Allen: version to use this for us.

313

00:45:42.450 --> 00:45:42.930

Cory Allen: Now.

314

00:45:55.980 --> 00:45:58.080

Cory Allen: Thank you, Kate make me blush.

315

00:45:59.340 --> 00:45:59.670

Cory Allen: I just.

316

00:46:01.170 --> 00:46:04.560

Cory Allen: met in fact that we get from five to 30 because I was so quick.

317

00:46:07.260 --> 00:46:08.010

Cory Allen: deployments.

318

00:46:09.780 --> 00:46:20.280

Cory Allen: Any questions I so other than lori you've all seen this presentation before this is going to be big picture that Mike you're more than welcome to come up and help us then.

319

00:46:21.360 --> 00:46:22.110

Cory Allen: Even sure.

320

00:46:24.480 --> 00:46:37.410

Cory Allen: Okay reserve funds, we all know that they're kind of forced separately on Jennifer balance sheet or authorized under education on the midst of a lot gentleman's law and their specific rules for each particular reserve.

321

00:46:40.260 --> 00:46:52.620

Cory Allen: How are they generated from surplus funds, remember that this is really the education piece it's a surplus of efficiency of revenue or expense, but you talk about that I thought this was this is.

322

00:46:54.480 --> 00:47:05.910

Cory Allen: A report that forecast 5000 and trying to incorporate more of that I thought this is a really nice job of sharing with you, where the revenue is, which is an orange.

323

00:47:06.960 --> 00:47:14.640

Cory Allen: expense in blue you can sort of see where we've been at and then based on some of that what's happened to our fund balance over the years.

324

00:47:18.180 --> 00:47:33.780

Cory Allen: These questions are really something that the board needs to consider as we go through this they're taken from the New York state comptroller's office and I think they're great questions that should be answered throughout as we talk about how to use reserves.

325

00:47:36.870 --> 00:47:49.350

Cory Allen: This is identified the way the auditors break it out, I love the way they do that, and this is exactly how we use the it's the first three are really to help support the operating expenses, as you know, we do offset.

326

00:47:49.740 --> 00:48:07.050

Cory Allen: subsidize our budget and and using those and particular the compensated absence or the Ir again it's based on sick leave or and vacation as a snapshot on 630 you have those sort of umbrella areas liability tax or.

327

00:48:08.670 --> 00:48:15.930

Cory Allen: You have those restricted for the specific purpose we currently have four which are listed there and then you have the debt service fun.

328

00:48:19.380 --> 00:48:19.770

yeah.

329

00:48:21.210 --> 00:48:22.470

If you have any questions.

330

00:48:25.230 --> 00:48:27.900

Cory Allen: feel free to have multiple meetings at.

331

00:48:29.850 --> 00:48:36.930

Cory Allen: home I there's Africans, the lower so you get stopped for an acronym.

332

00:48:38.070 --> 00:48:40.800

Cory Allen: Hopefully, remember what it means, whatever.

333

00:48:42.420 --> 00:48:47.280

Cory Allen: It says it employee benefit and reliability don't ask me what gear or asked her I forgotten.

334

00:48:53.070 --> 00:48:55.620

Cory Allen: Historically, you can see, this is.

335

00:48:57.630 --> 00:49:05.250

Cory Allen: Where we've performed or where we ended up as a beach June again in the green are those that really we use as an operating expense year to year.

336

00:49:06.390 --> 00:49:15.600

Cory Allen: Of Lara sort of separated out differently, once the yellow again more that umbrella, and then in a blue what we do for specific purposes, as you can see.

337

00:49:17.250 --> 00:49:25.740

Cory Allen: When I say building that's more of our building project reserve we've got a bus and motor vehicle which we actually used for the upcoming budget, and then we have.

338

00:49:27.930 --> 00:49:32.970

Cory Allen: it's actually the same reserve, it had to be broken out into two just the way it was presented to the Community.

339

00:49:37.470 --> 00:49:47.850

Cory Allen: just want to share with you this is what we had budgeted for, remember that in 2021 we had budgeted up a little over 2 million to help subsidize the budget you'll see later on.

340

00:49:48.390 --> 00:50:04.830

Cory Allen: we're going to be a little bit better position, so we want me to tap into those and then had that gone through, you would have seen that we've allocated 1.4 for the upcoming budget, which means we would have gone from about i'm going to use this line here about 14.2 down to about 10.7.

341

00:50:07.710 --> 00:50:18.540

Cory Allen: Later tonight you'll start to hear where I think we're going to be as a preliminary estimate, and you can see that, instead of being a 10 we're going to be more like at 13 so we really had a head to use.

342

00:50:19.800 --> 00:50:23.370

Cory Allen: A lot of what we did, and we're going to be able to finish those as well.

343

00:50:27.240 --> 00:50:34.200

Cory Allen: So again, you you've seen these again lori if you have questions specific to long as you went through it.

344

00:50:35.460 --> 00:50:36.630

Cory Allen: This is workers COMP.

345

00:50:37.680 --> 00:50:45.600

Cory Allen: And picture what i'm trying to get to is to have you confirm the rationale for the methodology, in which.

346

00:50:46.200 --> 00:51:00.840

Cory Allen: we're going to fund the reserve you'll see that a little bit later I went back with it last year's notes, but we talked about the workers COMP sort of the purpose and the reserve itself historically that's where we're at.

347

00:51:02.640 --> 00:51:03.270

Cory Allen: and

348

00:51:04.290 --> 00:51:14.760

Cory Allen: This is the reserve target last year after much conversation, you are comfortable with a with a proposed rationale of 5% as a minimum 10%.

349

00:51:15.540 --> 00:51:33.150

Cory Allen: As a Max for payroll are you still comfortable with that rationale versus just looking at what your prior annual budget amount would be multiplying at times for so if that were the case, we would be up to 1.7 right now we're a little bit below.

350

00:51:34.560 --> 00:51:45.990

Cory Allen: If you use it on percentage of payroll you can see a minimum of 1.9 a Max of 3.9 the importance of this is that, when the state comptroller comes in and says.

351

00:51:47.250 --> 00:52:04.740

Cory Allen: Why do you have so much money in the reserve for workers COMP well because our board policy has set it so that you can have a minimum and a maximum you can actually see that we're below it word for word good shape to because we're actually losing and amanda other spouses years.

352

00:52:07.200 --> 00:52:07.470

Old.

353

00:52:23.940 --> 00:52:25.530

Cory Allen: Something that they can pop it back to.

354

00:52:31.980 --> 00:52:33.720

Cory Allen: structure of an unemployment reserve.

355

00:52:35.130 --> 00:52:39.330

Cory Allen: Historically that's where we're at so again 662.

356

00:52:42.030 --> 00:52:51.870

Cory Allen: Similar idea if you wanted to go with what we used to do that's four times the annual budget we typically by the money by 1000 That means, you would have an unemployment reserve up to 100.

357

00:52:53.100 --> 00:53:07.650

Cory Allen: persons have proposed rationale of 2% of the payroll up to 5% you can see if if the board didn't want to go to this rationale, we would most likely have to dissolve that then i'd have to see how do that.

358

00:53:08.850 --> 00:53:09.990

Cory Allen: Again last year.

359

00:53:11.130 --> 00:53:16.830

Cory Allen: The Board decided to use the 2% and 5% I would still recommend that very highly, especially this year, this was.

360

00:53:17.910 --> 00:53:19.590

Cory Allen: The Syrian telling the last year.

361

00:53:21.150 --> 00:53:26.160

Cory Allen: I think we probably quadruple unemployment insurance and then as federal stimulus money.

362

00:53:29.580 --> 00:53:30.570

Cory Allen: Because we got the credit.

363

00:53:32.910 --> 00:53:33.390

Cory Allen: hours.

364

00:53:35.370 --> 00:53:35.730

Okay.

365

00:53:39.600 --> 00:53:42.390

Cory Allen: vrs reserve again the employer.

366

00:53:43.980 --> 00:53:49.380

Cory Allen: amount for that certificate and staff, historically, this is where we've been.

367

00:53:51.300 --> 00:54:10.020

Cory Allen: And you do know we use that quite often and continue to replenish it and propose rationality last year's conversation was they were comfortable with 15% as a Min 20% as a Max you can see where we are in that range so again we're square within all of the ranges that we're talking about.

368

00:54:12.030 --> 00:54:12.900

Cory Allen: Any questions on.

369

00:54:16.380 --> 00:54:20.010

Cory Allen: trs relatively brand new going into the third year.

370

00:54:22.020 --> 00:54:22.950

Cory Allen: This one has.

371

00:54:24.000 --> 00:54:33.180

Cory Allen: More stipulations to it as far as the maximum contribution, you can see that we were able to fund that in the first year of 550,000.

372

00:54:34.410 --> 00:54:46.920

Cory Allen: We then funded in the second year to the Max so right now we're at the Max of what that could be and then you'll see later on, probably, maybe increase it up to the next round if you can buy.

373

00:54:48.900 --> 00:54:50.040

Cory Allen: One workers.

374

00:54:52.110 --> 00:54:53.370

Cory Allen: So might be jumping ahead.

375

00:54:54.510 --> 00:54:58.140

Cory Allen: For the intercom transfer for food service we're doing.

376

00:54:59.280 --> 00:54:59.520

This.

377

00:55:00.660 --> 00:55:06.420

Cory Allen: it's not coming from the reserve oh so I can dress it now right, we can wait okay.

378

00:55:07.980 --> 00:55:08.310

Cory Allen: well.

379

00:55:09.330 --> 00:55:10.290

Cory Allen: I can just ask a question.

380

00:55:11.730 --> 00:55:23.850

Cory Allen: So, right now, we have a savings in the outline for the trs done we have budget you want them out it's coming in much lower it's enough to cover the transfer for school on time.

381

00:55:25.560 --> 00:55:27.270

Cory Allen: But it's not impacting the reserve it off.

382

00:55:30.270 --> 00:55:42.210

Cory Allen: So again, this is the maximum amount allowed by law so again if we're in a position to do that which we have been over the last couple of years, I would recommend we maximize that.

383

00:55:44.280 --> 00:55:50.220

Cory Allen: So certainly a good one and below the maximum contribution.

384

00:55:51.420 --> 00:55:51.690

yeah.

385

00:55:54.060 --> 00:55:55.740

Cory Allen: Balance cannot exceed.

386

00:55:56.790 --> 00:56:01.380

Cory Allen: 10% but then we just in the business side saying we're going 40%.

387

00:56:02.700 --> 00:56:03.600

people to do last.

388

00:56:07.410 --> 00:56:09.090

Cory Allen: weekend employee retirement system.

389

00:56:11.550 --> 00:56:14.040

Cory Allen: That acronym thing played out there.

390

00:56:17.190 --> 00:56:25.170

Cory Allen: Again, liability reserved again, I consider this more of an umbrella policy it usually covers anything that we don't have under general liability.

391

00:56:26.370 --> 00:56:28.170

Cory Allen: Historically, this is where we're at.

392

00:56:30.120 --> 00:56:33.210

Cory Allen: This is one reserve where again if we.

393

00:56:34.290 --> 00:56:46.200

Cory Allen: move forward last year, the proposed rationale was 500,000 the board felt comfortable keeping it at 500,000 I seriously thought about the pumping that up to 750,000 based on some of the events that occurred.

394

00:56:47.370 --> 00:56:52.560

Cory Allen: Over the last year or so, however, I went back and forth and going back to 500,000.

395

00:56:53.040 --> 00:57:09.120

Cory Allen: mainly because a lot of this was could use for underground storage tanks, but we actually have additional coverage for that, so I still can \$500,000 of appropriate bottle I throw it out to you if you feel 500 is appropriate increase it again notice that.

396

00:57:12.690 --> 00:57:16.980

Cory Allen: Brett about a million, we can certainly keep it a million if you feel.

397

00:57:18.120 --> 00:57:20.430

Cory Allen: That is worthwhile.

398

00:57:22.020 --> 00:57:26.430

Cory Allen: So, of all things you've gotten the last six months that we did everything's.

399

00:57:27.960 --> 00:57:40.260

Cory Allen: done so, this is, I actually think based on what's transpired over the last year and a half yeah I actually think we will be tapping into this we haven't yet no not yet for the related on.

400

00:57:42.180 --> 00:57:49.500

Cory Allen: Your ass so yeah that's a conversation and i'll be i'm pretty sure that depends on whether we want to.

401

00:57:51.330 --> 00:58:08.460

Cory Allen: So, what happens if we didn't happen that essentially you know lauren that reserve, which now, you can you can artificially create more surplus or you do a reallocation of that and put it into a different reserve that's the question that i'll be asking ultimately.

402

00:58:11.490 --> 00:58:11.880

forward.

403

00:58:14.010 --> 00:58:20.400

Cory Allen: So my hearing anyone at at a million, and I feel an auctioneer up you're going once going.

404

00:58:21.510 --> 00:58:35.250

Cory Allen: So, are you comfortable changing it to 500 because if it's going to be 500,000, then I will go back talk to our auditor about how you resolve this particular or move the money that additional funding out.

405

00:58:37.200 --> 00:58:37.740

Cory Allen: So my only.

406

00:58:40.980 --> 00:58:48.240

Cory Allen: My only question is because you have a strong feeling that we will be tapping into that you're so confident that 500,000.

407

00:58:49.980 --> 00:58:50.070

Yes.

408

00:58:55.950 --> 00:58:56.490

Cory Allen: One down.

409

00:58:58.290 --> 00:58:59.010

Cory Allen: We go over that.

410

00:59:09.210 --> 00:59:21.750

Cory Allen: I think that you can keep it a 500,000, but it will go off because it's an interest, so, so the base is 500 that's sort of what you contribute you're still gonna have a little bit more than that, and you interest on.

411

00:59:23.610 --> 00:59:31.050

Cory Allen: That process efforts, the question yeah so just like our Min and Max over desired results, like that.

412

00:59:32.340 --> 00:59:34.590

Cory Allen: yeah I till \$500.

413

00:59:36.180 --> 00:59:36.450

alright.

414

00:59:38.010 --> 00:59:38.910

Cory Allen: Just forget forget.

415

00:59:39.960 --> 00:59:42.090

Cory Allen: Okay taxpayer again.

416

00:59:44.010 --> 01:00:02.310

Cory Allen: We really don't have a maximum in for this, you can see where it to 92 with Ben and you know 280,000 I actually think this will be really interesting so taxpayer it is for Article sevens that we for those corporations that are contesting their assessments, you can also apply it to.

417

01:00:04.020 --> 01:00:04.590

Cory Allen: Homeowners.

418

01:00:05.850 --> 01:00:18.330

Cory Allen: Homeowners I think what you're seeing in the marketplace, right now, what homes are going, for I think at some point you're going to be going to see people can test them their assessments, so I think that number will probably not change much.

419

01:00:20.460 --> 01:00:26.520

Cory Allen: These again you're very familiar with the capital reserves, I just wanted to again share this with you, because ultimately.

420

01:00:28.290 --> 01:00:35.790

Cory Allen: make a decision on where you want to go come back in September with the external report that the goal is to have a more formalized.

421

01:00:37.080 --> 01:00:37.950

Cory Allen: reserve plan.

422

01:00:39.420 --> 01:00:47.610

Cory Allen: So, again Kepler reserved for bosses and motor vehicles that heavy line is when we sort of renewed that.

423

01:00:48.630 --> 01:00:51.300

Cory Allen: So you can see, I believe this was.

424

01:00:52.350 --> 01:00:58.470

Cory Allen: A \$2 million dollar Max over five year term we've only contributed under flow under 400,000.

425

01:00:59.790 --> 01:01:13.110

Cory Allen: We haven't used this as often as we thought, because when you use this it impacts, the text exclusion, we did use it this year 431 five for the purchase of the vehicle, the Left drunk.

426

01:01:14.460 --> 01:01:18.990

Cory Allen: Go back it was five years seem to be every.

427

01:01:20.520 --> 01:01:20.880

That one.

428

01:01:22.530 --> 01:01:26.160

Cory Allen: it's a five year term, does that mean next year we're going to have to be.

429

01:01:27.300 --> 01:01:40.440

Cory Allen: going out to both authorization and we can open it, it means you can only contribute to it for a period of five years, it can still extend beyond that, so you don't have to renew it if you don't want to.

430

01:01:42.930 --> 01:01:43.950

Cory Allen: Not after five years.

431

01:01:46.350 --> 01:01:47.610

Cory Allen: Up to \$200.

432

01:01:49.980 --> 01:01:55.200

Cory Allen: classroom equipment and technology again went back out in 2013.

433

01:01:56.610 --> 01:01:58.440

Cory Allen: Where we funded at 1.1.

434

01:01:59.910 --> 01:02:00.780

Cory Allen: This is the one that.

435

01:02:02.580 --> 01:02:05.190

Cory Allen: You can this we were using quite consistently.

436

01:02:07.080 --> 01:02:09.510

Cory Allen: Where we were allocating I was looking at.

437

01:02:11.100 --> 01:02:11.880

Cory Allen: A couple times.

438

01:02:13.080 --> 01:02:15.780

Cory Allen: Before using reserved for classroom equipment.

439

01:02:17.610 --> 01:02:22.080

Cory Allen: funded by Defense we are spending money on storage trailers.

440

01:02:25.020 --> 01:02:28.440

Cory Allen: Just a house on this until we get through the social distancing.

441

01:02:30.390 --> 01:02:31.200

Cory Allen: to throw it out there.

442

01:02:34.920 --> 01:02:45.210

Cory Allen: The way the when it was renewed it was worded a little bit differently so instead of rolling the 2013 and 2019 that taking that money rolling into one.

443

01:02:45.600 --> 01:02:55.320

Cory Allen: The other create a new reserve and again as part of the strategy from the one to one initiative that's really what this is doing it allows us options and work through our budget.

444

01:02:56.400 --> 01:02:58.590

Cory Allen: Because again.

445

01:03:01.050 --> 01:03:10.770

Cory Allen: We use the SSI P funds, which is about 2.7 million with the last 3040 years how are we going to be able to maintain establish that one to one initiative.

446

01:03:12.690 --> 01:03:15.390

Cory Allen: can also buy record exports, maybe.

447

01:03:21.660 --> 01:03:27.450

Cory Allen: Okay, this is the capital reserved for building projects, this is the one that's right now.

448

01:03:29.220 --> 01:03:35.670

Cory Allen: we're 973 I know the Board is very anxious to start looking at what can we do.

449

01:03:36.750 --> 01:03:51.270

Cory Allen: In the near future, this is the one that we really have to I think focus on, because our Community, I think, right now, is very custom to what's going on with the project which has no impact on the tax levy.

450

01:03:52.590 --> 01:04:01.650

Cory Allen: depending upon the size of the project and that's one of the things that Dr kiss alive have discussed quite frequently we're currently working with our financial advisor to determine.

451

01:04:02.010 --> 01:04:07.770

Cory Allen: What type of projects that will that will be forthcoming, but this is the one that we really need to start bumping up there.

452

01:04:09.810 --> 01:04:18.420

Cory Allen: But again, you can see, you know we have used this quite frequently for each of the capital projects that we've done over the last.

453

01:04:20.640 --> 01:04:21.480

Cory Allen: 1020 years.

454

01:04:23.550 --> 01:04:27.330

Cory Allen: So those are already set there's really nothing for the board to decide other one will be the.

455

01:04:29.070 --> 01:04:31.290

Cory Allen: Year for you to make a decision, if.

456

01:04:32.490 --> 01:04:33.180

Cory Allen: You want to.

457

01:04:35.070 --> 01:04:35.790

Cory Allen: put money into.

458

01:04:36.990 --> 01:04:43.740

Cory Allen: Again, hopefully in October come back to the more formalized reserve plan, these are the components of what that should include.

459

01:04:49.140 --> 01:04:49.800

Any questions.

460

01:04:53.820 --> 01:04:55.800

Cory Allen: Just as exciting as up sure.

461

01:05:01.290 --> 01:05:04.140

Cory Allen: So we're building the roster part and we're.

462

01:05:05.430 --> 01:05:08.760

Cory Allen: just getting their assessment done Alex that was under.

463

01:05:10.560 --> 01:05:11.310

attachments.

464

01:05:22.230 --> 01:05:22.800

Tax.

465

01:05:25.320 --> 01:05:30.630

Cory Allen: It is over and we're going was Oh, and that is through Amazon warehouse.

466

01:05:33.330 --> 01:05:33.840

Schools.

467

01:05:37.200 --> 01:05:38.730

Cory Allen: Or is that just natural.

468

01:05:40.950 --> 01:05:54.540

Cory Allen: So what address your first question that Article seven is completed, and what they did was they didn't really adjust any prior taxes, so you can actually use any of the tech certainly only forward.

469

01:05:55.800 --> 01:06:10.260

Cory Allen: As far as the construction going on as it relates to Amazon, that is under a pilot they've submitted the paperwork the county has approved it now, it becomes a matter of.

470

01:06:12.060 --> 01:06:20.100

Cory Allen: Just started beginning receiving some of those contracts, so I will share that news notes, what will happen right now it's on the catchable.

471

01:06:21.360 --> 01:06:32.220

Cory Allen: i'm sure that will go up a little bit and value but probably not much because they're doing some construction once the pilot agreement kicks in place that will start the.

472

01:06:33.240 --> 01:06:33.900

Cory Allen: activate them.

473

01:06:35.910 --> 01:06:45.810

Cory Allen: So that then the town assessor from D to provide us a value will determine what the tax abatement is and that's the amount that little pilot.

474

01:06:46.140 --> 01:06:57.120

Cory Allen: And as i'm sure you're all aware that is going to have a dramatic impact on our tax calculation, because that value is going to be up and down the doctors to know how this.

475

01:06:59.850 --> 01:07:15.870

Cory Allen: Over the next we need to determine that actually the last conversation I had with Dr chances to reach out to the county assessor to provide us some sort of information as to what do you think the value of that is going to be and that's the part I don't have yet.

476

01:07:17.400 --> 01:07:18.510

Cory Allen: The property value.

477

01:07:19.620 --> 01:07:25.050

Cory Allen: Of the value of the assessed value to multiply times the text.

478

01:07:58.230 --> 01:08:02.640

Cory Allen: All right, other than any questions, but we just wanted to highlight, on the revenue side.

479

01:08:04.980 --> 01:08:15.840

Cory Allen: you're pretty close, so I just want to share with you that we did take into consideration the reduction in the transportation aid so you're seeing what you're seeing with one.

480

01:08:18.270 --> 01:08:20.550

Cory Allen: By one by overseers I will.

481

01:08:22.200 --> 01:08:22.650

Never work.

482

01:08:24.990 --> 01:08:28.740

Cory Allen: it's really a blessing that decision to not have a.

483

01:08:31.260 --> 01:08:35.700

Cory Allen: surplus and not done that this this picture will be very, very different.

484

01:08:37.620 --> 01:08:38.640

Cory Allen: On the expense side.

485

01:08:40.500 --> 01:08:41.910

Cory Allen: Trying to highlight trying.

486

01:08:43.200 --> 01:08:44.280

Cory Allen: Come on a little bit farther.

487

01:08:46.020 --> 01:08:54.030

Cory Allen: versus and create just began the better picture of it, I think that's one of the hardest things that.

488

01:08:55.260 --> 01:08:57.030

Cory Allen: We do in providing sort of this.

489

01:08:58.650 --> 01:09:00.360

Cory Allen: century are still alive.

490

01:09:02.100 --> 01:09:02.790

are happening.

491

01:09:04.680 --> 01:09:15.660

Cory Allen: I don't think there's going to be a part of investments, but you never know are seeing savings, I tried to identify where the savings word and it's in salaries and benefits.

492

01:09:18.510 --> 01:09:18.930

Once.

493

01:09:20.160 --> 01:09:22.320

We get conversation too.

494

01:09:23.700 --> 01:09:28.050

Cory Allen: much detail for you to see what areas and then salaries and.

495

01:09:29.850 --> 01:09:30.120

that's.

496

01:09:31.230 --> 01:09:35.760

Cory Allen: So the picture, it looks like we're going to have a superstar program over extensive.

497

01:09:38.850 --> 01:09:39.210

whoo.

498

01:09:40.800 --> 01:09:41.100

whoo.

499

01:09:42.870 --> 01:09:43.890

squash transfer.

500

01:09:44.970 --> 01:09:52.980

Cory Allen: who's better no more that's a projection and include right off that you approve percent so obviously.

501

01:09:54.570 --> 01:09:54.780

But.

502

01:10:02.280 --> 01:10:02.640

Certain.

503

01:10:33.720 --> 01:10:37.530

Cory Allen: I have a general school unquestionable pre launch for.

504

01:10:38.700 --> 01:10:45.900

Cory Allen: You and I made a mess and I found it out, you have more information any updates.

505

01:10:47.520 --> 01:10:56.490

Cory Allen: or that's going to continue for that or anything regarding lunches that are paid for next year.

506

01:10:59.430 --> 01:11:01.110

Cory Allen: program is continue through.

507

01:11:02.520 --> 01:11:02.730

here.

508

01:11:03.840 --> 01:11:05.940

Cory Allen: So all next the next school year.

509

01:11:08.100 --> 01:11:10.920

Cory Allen: breakfast and lunch for anybody that wants.

510

01:11:12.450 --> 01:11:16.500

Cory Allen: I just always I like to let people know that I don't think everybody.

511

01:11:18.600 --> 01:11:18.900

Cory Allen: needs to.

512

01:11:20.100 --> 01:11:20.640

Cory Allen: Be ready.

513

01:11:24.270 --> 01:11:24.900

Cory Allen: for that.

514

01:11:25.920 --> 01:11:27.120

Cory Allen: One day hopper.

515

01:11:32.670 --> 01:11:33.660

breakfast people.

516

01:11:35.460 --> 01:11:35.760

Cory Allen: know.

517

01:11:40.740 --> 01:11:43.470

Cory Allen: That so there's a question I started shared.

518

01:11:44.700 --> 01:11:48.960

Cory Allen: The logic behind for a way to ask this one work.

519

01:11:50.160 --> 01:11:50.580

Cory Allen: Either way.

520

01:11:51.780 --> 01:11:55.440

I highly recommend they take this sort of.

521

01:11:56.790 --> 01:11:58.740

Cory Allen: Your last one, she made the whole.

522

01:12:05.520 --> 01:12:05.820

Cory Allen: here.

523

01:12:06.930 --> 01:12:07.440

Cory Allen: We do.

524

01:12:09.720 --> 01:12:10.740

Cory Allen: This for yeah.

525

01:12:15.180 --> 01:12:15.450

Because.

526

01:12:17.100 --> 01:12:26.850

Cory Allen: We had a little bit of surplus to begin with over operating losses are all was 105 so that he met deficit.

527

01:12:29.610 --> 01:12:31.830

Cory Allen: So, at that point in time right better.

528

01:12:33.450 --> 01:12:35.850

Cory Allen: I don't know I don't think that are operating last.

529

01:12:38.160 --> 01:12:43.350

Cory Allen: Optimal now that allows flexibility to potentially called.

530

01:12:45.930 --> 01:12:46.530

Cory Allen: Sarah.

531

01:12:49.710 --> 01:12:50.430

scores.

532

01:12:56.490 --> 01:12:57.480

Watch festival.

533

01:12:59.250 --> 01:12:59.880

Cory Allen: This is nothing.

534

01:13:01.410 --> 01:13:02.340

Cory Allen: There are others.

535

01:13:03.630 --> 01:13:03.930

Cory Allen: Can.

536

01:13:06.510 --> 01:13:07.590

Cory Allen: follow the guidelines your.

537

01:13:12.000 --> 01:13:12.390

Sport.

538

01:13:22.920 --> 01:13:30.390

Cory Allen: next round is the preliminary allocation of fund balance again this not beholden to it.

539

01:13:31.980 --> 01:13:32.010

To.

540

01:13:36.180 --> 01:13:40.050

Cory Allen: Number one again hundred \$50,000 for time from the.

541

01:13:41.940 --> 01:13:42.930

Cory Allen: Testaments command.

542

01:13:44.370 --> 01:13:45.630

Cory Allen: allows you the flexibility.

543

01:13:46.830 --> 01:13:46.950

Cory Allen: Of.

544

01:13:48.630 --> 01:13:54.060

Cory Allen: Your end increased to unassigned for pretty fun, the last.

545

01:13:55.440 --> 01:13:57.780

Cory Allen: 30% for next year the projects that's.

546

01:14:00.210 --> 01:14:01.680

Cory Allen: centrally recommending that we.

547

01:14:03.330 --> 01:14:17.280

Cory Allen: replenish it allows the retirement contributions are the component invited for workers COMP maximize the rest were able to, and then I don't by any stretch of the imagination.

548

01:14:22.320 --> 01:14:23.430

Cory Allen: To amounts to.

549

01:14:32.430 --> 01:14:32.730

After.

550

01:14:33.840 --> 01:14:34.770

we subsidize their.

551

01:14:36.300 --> 01:14:36.690

capital.

552

01:15:14.310 --> 01:15:15.240

Cory Allen: Your last.

553

01:15:20.160 --> 01:15:20.850

Cory Allen: We can.

554
